Explanation of tender documentation no.2

Public Contract name:	Delivery of accelerometers
Type of aware procedure	Small-scale public tender (open call)
Contracting Authority:	Institute of Geophysics of the CAS, v. v. i.
Registered office:	Boční II/1401, 141 31 Prague 4
Company identification No.:	67985530
Tax identification No.:	CZ67985530
Person authorized to act on behalf of the Contracting Authority:	RNDr. Aleš Špičák, CSc., director

Above-mentioned Contracting Authority informs you about following explanation of tender documentation related to above-mentioned public tender.

Question no. 2

In the tender documentation and in the draft contract there is mentioned currency for the bid EURO. In the bid cover note there is mentioned as a currency Czech crown. Because of this ambiguity, we ask for clarification, in which currency it is necessary to submit the bid.

Answer:

Currency EUR mentioned in the tender documentation and draft contract is correct. In the annex no.1 Bid cover note, there is the currency mentioned incorrectly. Supplier submits offer in currency EURO. We enclose correct annex no.1 as an attachment of tender documentation.

Question no. 3

In the tender documentation there is mentioned expected closing date of the contract on 25 April 2019, in the draft contract as well. According to our information, potential manufacturers of these devices have a standard delivery time of 2 to 3 months and therefore the expected delivery date is difficult to meet. Is it possible to extend the delivery date?

Answer:

The binding delivery term is 25 April 2019. It is not possible to extend the delivery date.

In Prague 06.03.2019
